Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Brand New Book ***** Print on Demand *****.Reminiscences . . . in Silent Couplets! is a magical creative mirror in which one can see the reflection of the poet's own innermost insight on the various themes lying at the roots of philosophy, history, art, and religion. There are many ways to look at the past and present situations. The vision intermingled with one another by the poet's impression of places and people as his mind and imagination recorded them down the time. Poetry always shaped humankind's collective, creative experience and thirst in a beautiful expressive way. These couplets speckled with episode of history, legends, lights on unforgettable characters-old and new-national prides, current situations, and universal and cosmic call. The lyrical narratives take us on a unique journey, offering us a glimpse of a dazzling consciousness. Here, traditional and modernity shove for space, aware of the passage of time. These thematic verses celebrate the richness and diversity of various stories and shaped the belief, existence, moment, spell, scenery, and many in composition to give a dream into reality. Unique feature of this creative journey are the matching photographs, clicked by the poet himself, keeping in mind the vibes of the theme of each stanza.
