By Robert V. Rohli, Anthony J. Vega

Jones and Bartlett Publishers, Inc, United States, 2014.

Paperback. Book Condition: New. 3rd Revised edition. 274 x 216

mm. Language: English . Brand New Book. A Thoroughly

Updated New Edition of an Essential Text in an Ever-evolving

Field Ideal for the upper-level undergraduate or introductory-

level graduate course on climatology, the thoroughly updated

third edition provides students with a comprehensive

foundation of the climatic system. It begins with an overview of

climatology basics, including a discussion on climatology

versus meteorology and an introduction to the atmosphere.

Also included in these introductory chapters is a discussion on

air/sea interactions to assist readers in understanding this

critical aspect of the earth/atmosphere system. Using a

regional approach, discussions progress to more advanced

concepts, such as microscale processes; climatic water

balance; global atmospheric circulation; climatic classification;

the spatial variability of climates; and much more. Presenting

evidence-based contemporary information and data,

Climatology, Third Edition encourages readers to think

critically about the climate system while developing a sense of

social responsibility. The comprehensive Third Edition provides

up-to-date data through graphs and maps, and introduces

new key terms that have crept into the science and public

discourse. With additional quantitative and paleoclimatology

material, Climatology, Third Edition thoroughly explores...
