Brand New Book ***** Print on Demand *****.Air travel et cetera portrays people and their diverse behaviours in public places. Every travel, for the author, is an opportunity for cultural exploration and the book showcases interesting people behaviours imbibed from different lands and cultures. It is all about life in airports, train stations, trains, beaches and highways. Body language of the late guests dashing into airports, stereotyped behaviours inside aircrafts, slices of life that cross our ways in the mundane world and finer emotions of the nature can all be found in the book. That life is a big canvas and every moment a celebration is what the author has tried to convey through the work.
