

Chivalry and Romance in the English Renaissance (Hardback)

By Alex Davis

Boydell Brewer Ltd, United Kingdom, 2003. Hardback. Book Condition: New. 241 x 163 mm. Language: English . Brand New Book. Chivalry and Romance in Renaissance England offers a reinterpretation of the place and significance of chivalric culture in the sixteenth and seventeenth-century and explores the implications of this reconfigured interpretation for an understanding of the medieval generally. Received wisdom has it that both chivalric culture and the literature of chivalry - romances - were obsolete by the time of the Renaissance, an understanding epitomised by the figure of Don Quixote, the reader of chivalric fictions whose risible literary tastes render him absurd. By way of contrast, this study finds evidence for the continued vitality and relevance of chivalric values at all levels of sixteenth- and seventeenth-century society, from the court entertainments of Elizabeth I to the civic culture of London merchants and artisans. At the same time, it charts the process by which, throughout the eighteenth and nineteenth centuries, the chivalric has been firstly exclusively identified with the medieval and then transformed into a virtual shorthand for pastness generally. Alex Davis is lecturer in English, University of St Andrews.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
