By Sterling Test Prep

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Last updated Jan 8, 2016. We regularly update and revise the content based on readers feedback and latest test changes. The most current version is only available directly from Amazon and Barnes Noble. This book provides 881 physics practice questions that test your knowledge of all topics tested on SAT Physics subject test. It contains four diagnostic tests (with eight more available online) to help you identify the topics you are not well prepared for. It also contains eleven sections of topical practice questions, so you can selectively work with the topic you need to study and master. In the second part of the book, you will find answer keys and explanations for the problems in the diagnostic tests and topical practice questions. The explanations provide step-by-step solutions for qualitative questions and detailed explanations for conceptual questions. The explanations include the foundations and important details needed to answer related questions on the SAT Physics. By reading these explanations carefully and understanding how they apply to solving the question, you will learn important physical concepts and...
